# Let The Games Begin!

Every year the yearbook staff strives to make the yearbook unique to that particular year. Careful consideration is made and plans are drawn up as to what phrase or idea can capture an entire year. This year was no different.

Life at Mishawaka High School can sometimes feel like a game. At the end of the game, your cash and prizes consists of a diploma and the knowledge that you are prepared to face the real world. This year was also a year of the Winter Olympics held in the Torino region of Italy. All winter long, people were caught up in the excitement that came with the events and the scenery of a far off land. These are just two reasons why the yearbook staff chose the phrase "Let the Games Begin" for the theme this year.

Enjoy the journey you are about to begin by opening this yearbook and "Let the Games Begin"!

# Where In The School Is The Yearbook Staff?

## Raise the Roof

Julia Smith (Jr) goofs around on the roof of the school. Not many students get to see this part of the school, but Julia breaks the rules.

## Trash Alert

Junior Hannah Cramer looks out from Mr. Manuszak's famous trash can. Mr. Manuszak is in charge of recycling at MHS.

## Wild Beast

In Mr. Smith's "lounge" Staci Paul (Jr) dresses to impress with the giant rhino head. Students had a great time joking around when they weren't doing work.

## Going Up?

Backstage in the auditorium, Kara Leniski (Jr) spirals up towards the costume room. Thespians use the room to store their costumes after plays and musicals.

## Pretty Woman

Frances Kowalski (Jr) dresses up in the thespian's costume room. The costume room is above the auditorium, a place few students get to see.

### Fly Away!

Amanda Horban (Jr) shoots for the stars against the wall in Mr. Horban's classroom.

### Knock on Wood

Junior Heather Gordon plays with the tools in the shop classroom. Students interested in construction came here to learn more.

### Comfy

Jenna Luke (So) chills out in Mr. Smith's lounge area. He has a futon where students can relax and hang out after a hard class.

### Trapped?

Katie Hesch (Jr) gets cornered by one of the metal grates by the auditorium. Have you ever seen this grate?

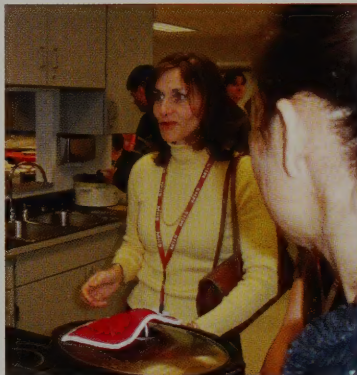

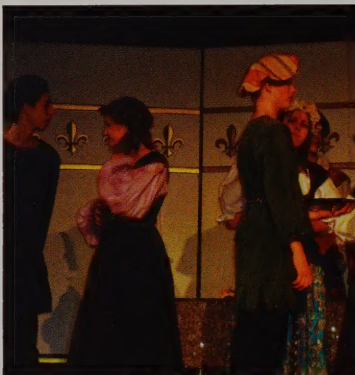

### Boo!

Senior Ashley Carr gets a once-in-a-lifetime look at the tunnels underneath the school.

The doors to the infamous tunnels are usually locked, so students rarely get to see them.

The staff of the 2005-2006 Miskodeed went all over Mishawaka High School to find some of the places you may have never seen. Do you know where they are?

# School Days

---

By the end of a long, hot summer

---

Mishawaka students look forward to a new school year.

---

The start of a new school year is an exciting time for Mishawaka students. It is an excuse to buy new clothes and stock up on fresh school supplies. Every student looks forward to the first day, when they can visit with their friends and get to know new teachers. They want to share their summer. At this point, students are still excited about new classes and learning new things.

Throughout the year, the excitement of school wears off, and students no longer anticipate waking up in the morning to go to school. By the end of the school year, students are ready to be done with the year. But the cycle begins again in August, when the students look forward for another year at Mishawaka High School. We call this the neverending cycle of high school life.

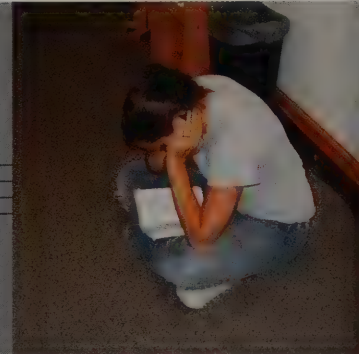

Above: Many students, like Bonny Makaniakhondo (Sr) have trouble remembering their locker combinations and struggle all year.

Left: Senior Chloe Wiggot waves hello to a new school year.

Right: Kelsey Bann (Dr) studies hard to start the year off right.

Above: Members of the PE class go outside to play an exciting game of Wiffleball. Although a lot of students complained about PE, it's a great way to play games and have fun with friends.

Left: Julia Smith (Jr) and Ashley Trondle (Sr) chat at the MHS Bookstore.

Right: Sophomores Sara More and Sarah Scanlon talk at their lockers in between classes. Many students caught up on the latest gossip while getting ready for their next class.

Far right: Mishawaka had a great cheering section in Indianapolis, with parents and students going down to cheer on the Cavemen. Below, far right: Individual state wrestlers wait to be announced at the State match.

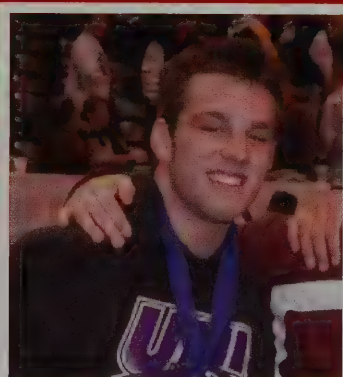

Wrestling wasn't the only sport this year that excelled. Cross Country runners Sienna Valdez (Jr) and Katelyn Eberhardt (So), above, ran their way to victory at Regionals. Mishawaka's Volleyball team, right, also made a run at State, making it to a Semi-State matchup against Indianapolis Cathedral. All of MHS's sports teams did exceptional this year and made our school proud.

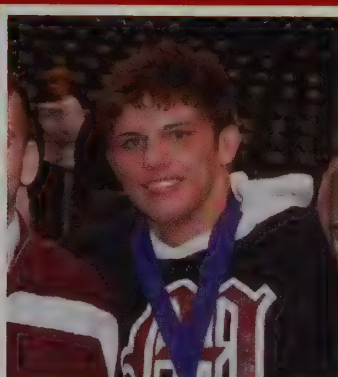

# This Year In Sports

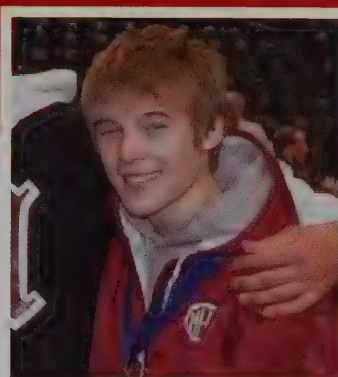

*MHS Champs Make History*

Patrick Day (Sr)

Ian Hinton (Jr)

Joshua Harper (Fr)

This year, Mishawaka High School had the honor of sending seven wrestlers to the Individual State Finals. State was held, as it is every year, at Conseco Fieldhouse in Indianapolis. After many rounds of intense wrestling, three MHS wrestlers came out on top: Senior Patrick Day, Junior Ian Hinton, and Freshman Joshua Harper. These students made MHS history and helped boost school spirit and pride. "These guys have achieved a great accomplishment and have made their school proud," said wrestling coach Darrick Snyder. The team as a whole also made it to state and finished 29-1 after being defeated by Evansville Mater Dei in the semifinal round. There's no doubt about it, this year's wrestling team will go down in Mishawaka history.

# ENGLISH

You use English every day of your life, so why not take a class about it?

Miss Kizer has been teaching English for twenty-three years total, nineteen at Mishawaka High School. She graduated from MHS in the seventies. After getting her teaching degree at Ball State University, Miss Kizer decided to come back to her hometown to teach. She came back to Mishawaka because she "had some very inspirational teachers in the Mishawaka system" when she attended as a student. Miss Kizer teaches British literature, which she prefers to American literature. The worst part about being a English teacher is "the overwhelming paper load". Miss Kizer listens to classical music during her preparation periods. Miss Kizer is a beloved teacher at MHS.

Quinn Shannon (Jr) pays close attention to the lecture. The early morning classes are rigorous for the mind.

Matt Weber (Sr) listens to Mrs. Kayser in his senior English class. The class works hard to prepare for college writing.

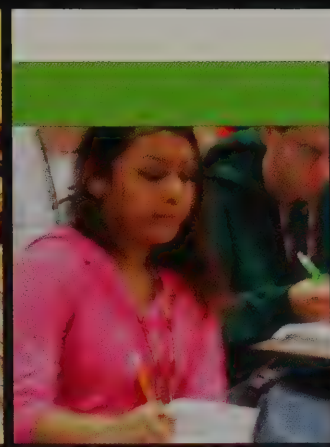

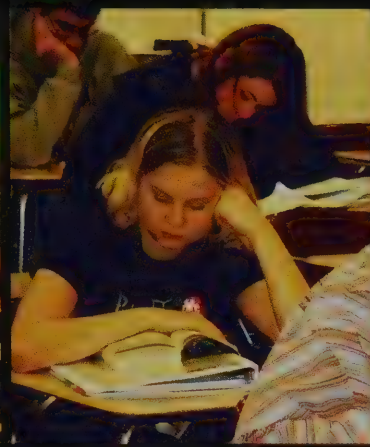

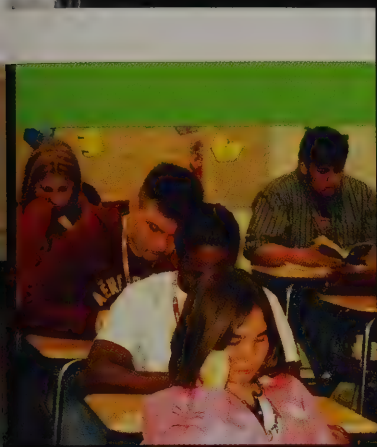

Three juniors read short stories from their literature books. The short stories give students a chance to read the works of many different authors.

Mrs. Born lectures to her freshman English class. Students at MHS are required to take four years of English in order to graduate.

A number of students focus on their work in English class. English prepares pupils for the outside world.

*This sophomore English class is discussing the novel *The Great Gatsby* by F. Scott Fitzgerald.*

Mrs. Kayser teaches her senior class knowledge that will help her students succeed in their endeavors after high school.

Four seniors prepare for college in Mrs. Kayser's English class. Seniors study novels, poems, and short stories from a variety of authors around the world.

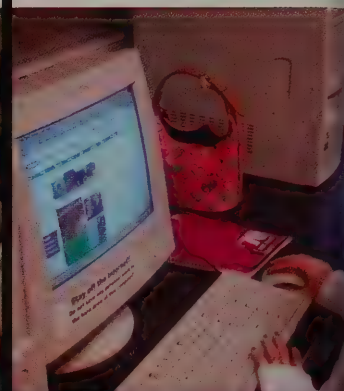

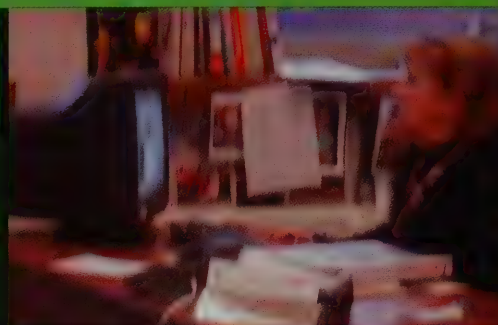

Ms. Stillson sits at her computer during second block. Ms. Stillson teaches junior English, senior AP English, and Miskodeed.

## PUBLICATIONS

Mr. Jeffery Halicki is in his second year teaching at MHS. This is his first year as newspaper advisor. In his free time Halicki also coaches football and track at John Young. When asked what he enjoys about the Alltold class, Halicki replied, "I like that it is based on producing a product. We learn all of the lessons we need while preparing the paper. It is very real world." When he was asked what he thinks about the class, he said "I think it is good. The staff really made their mark on the paper." Halicki's favorite part about teaching is that he gets to know the students. "If I was not a teacher, I used to say I would be a park ranger or a carpenter. Now I would say realistically a job in web design or something," said Halicki. Halicki's advice to seniors is "don't just go with the flow or follow a path set by someone else. Follow your own desires and dreams."

The Alltold works hard to bring you the most important school issues, events and sporting events.

Right: Ruth Melin (So), Dylan Guzowski (So), and Autumn Thompson (So) sit in class while listening to Mr. Halicki talk about the newspaper.

# FOREIGN LANGUAGE

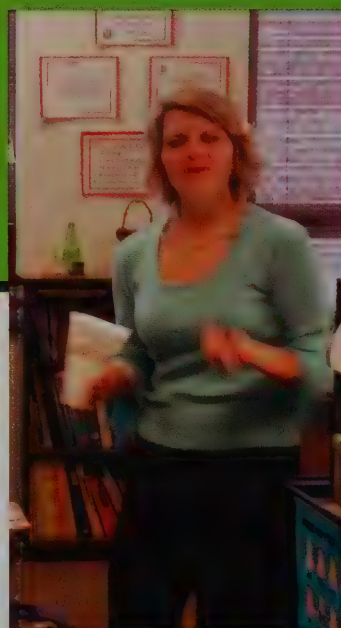

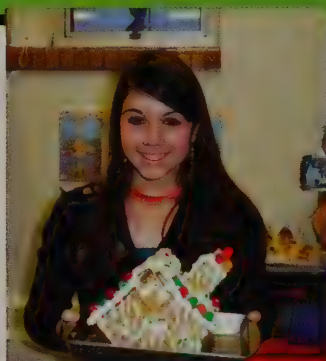

Foreign Language classes give students an opportunity to learn a new language.

Mrs. Susan Kertes, or Madame Kertes as her students call her, has been studying French since she was in seventh grade. She has been teaching French at Mishawaka High School for thirteen years. In the years that she has been studying French, she has been to France five times. Some of those times she went to France as a chaperone for her students. When asked why she does not take students to France any more she replied, "I have young children which makes it very difficult to be gone long periods of time." She said she would consider taking students again when her children are a little bit older. Her free time outside of school is spent playing with her children, taking graduate classes, and exercising. She is quoted saying, "I am an amateur runner...four miles tops." Mrs. Kertes is a wonderful foreign language teacher, dedicated to helping students learn French.

# SOCIAL STUDIES

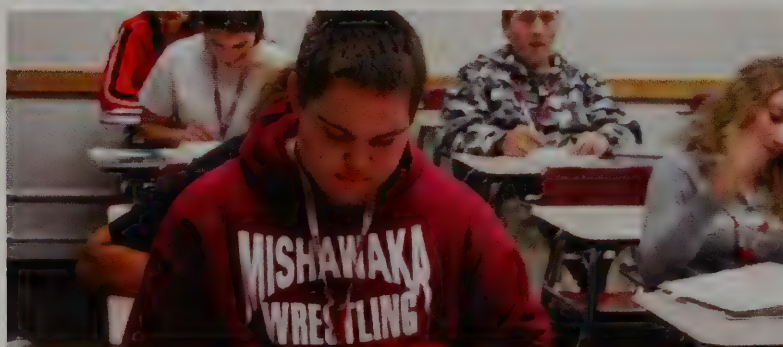

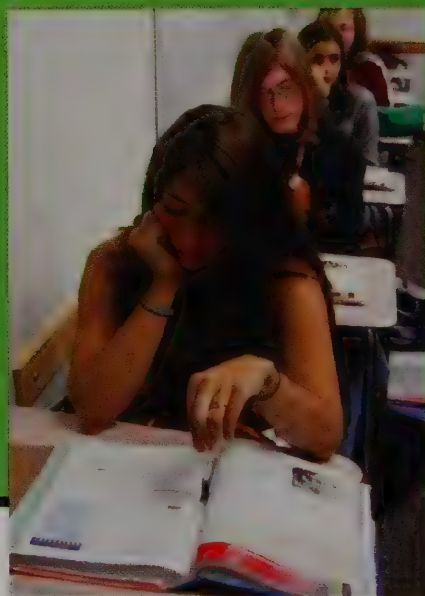

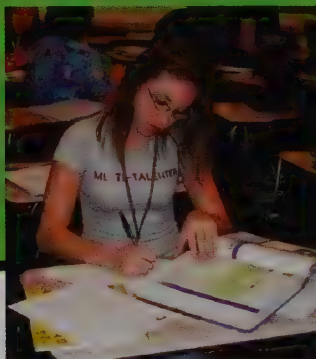

History is about learning how our country and many others came into existence.

Mr. Darrick Snyder has been working here at Mishawaka High School for six years now. He is also the head wrestling coach. When asked why he decided to teach and coach, he replied, "I have known since I was 15 that I wanted to be a history teacher and coach. I couldn't imagine doing anything else." During his first couple of years as a teacher, Mr. Snyder admitted he was a little bit nervous in front of classes. Now that he has been teaching for so long, he is much more comfortable. When asked about the best and worst memories of teaching, he said, "I love learning about the past and how it has changed our lives today. However, the worst part of teaching is not being able to get through to some kids." Another bad part of teaching is having to say goodbye to students at the end of the year. My Snyder is one of the most liked teachers at Mishawaka and will continue to educate students for many years to come.

Social Studies definitely gives your hand (and brain) plenty of exercise.

# MATH

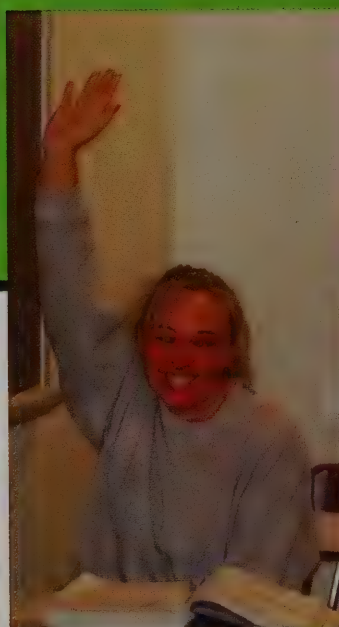

Math might take a little work but it will be worth it in the end.

Mrs. Linda Flora has been teaching mathematics for 31 years here at Mishawaka. She has degrees from Notre Dame, St. Mary's, I.U., and Purdue, in mathematics and physics. When asked why she teaches math, she said it was her favorite subject in school and that it is easy to understand. The reason she teaches at the high school level is because you can have an intelligent conversation with high school students on some days. Her strange teaching method she has is "Pass the Pen," which is when she puts problems up on the board then calls on someone to do the first one, then they give the pen to someone to do the next problem. If she was not teaching, she would be working on the farm that she owns. All students at Mishawaka who take her classes are glad that she is here and not on the farm.

# SCIENCE

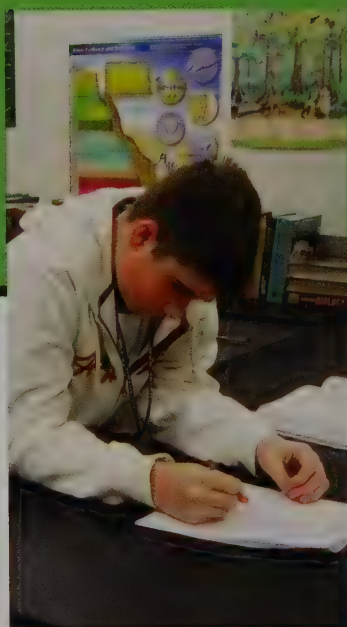

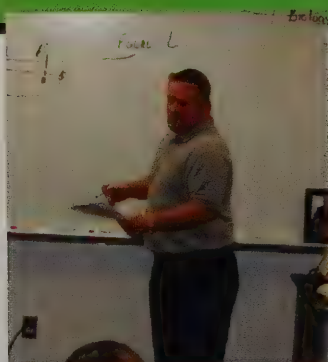

Science classes are a great way to help learn about the world and its formalities in detail.

Mr. Gregg Smith is an Earth Science and Biology teacher here at Mishawaka High School. Mr. Smith has been a teacher for 7 years now. He taught 4 years at John Young Middle School and 3 years at Mishawaka High School. When asked why he wanted to teach Earth Science and what he would be doing if he was not teaching, Mr. Smith said that he wanted to be a Earth Science teacher because it is an all around subject and it is easy to teach. He said that he would have been a vet because he loves animals. Mr. Smith has two favorite memories from his classes. His first one is when his students brought in gifts when his son was born. His second one is how he gives character talks to wrestlers. Mr. Smith's hobbies include movies and music. He loves SOCOM (a game) and his 16 month old son, Mason Gregory Smith.

# BUSINESS

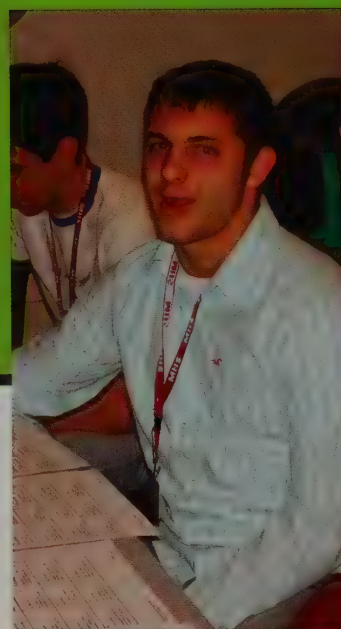

Experience is the name everyone gives to their mistakes.

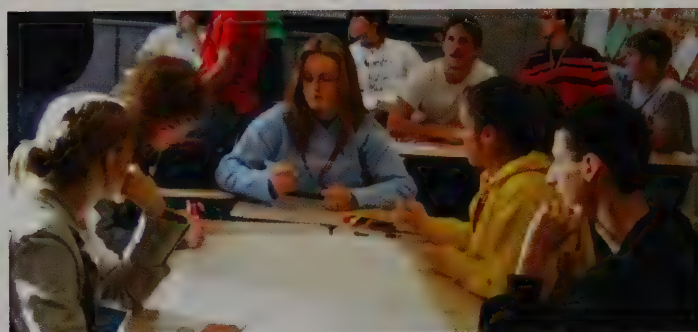

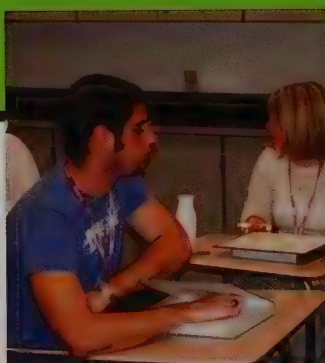

Mr. John Ross has taught the accounting courses here at MHS for 7 years. He likes everything about MHS because "it's a classic old building with great teacher and students." When teaching his students, he likes to keep them moving and keep them working. When asked what his best advice was for students, he responded with, "Go to the best college you can afford without going into debt." As with most teachers, Mr. Ross enjoys meeting former student and talking to them about how their lives are progressing.

# FAMILY AND CONSUMER SCIENCE

Students in the FACS department practice skills that they learn in class.

Family and Consumer Science deals with more than just cooking. There are also classes such as Textiles and Fashion, Childhood Development, and Interpersonal Relations. Mrs. Kathy Roberts has taught at Mishawaka for 6 years. She teaches Childhood Development and the recently added Textiles and Fashion. When asked what the most enjoyable part of her job is, she said, "Seeing a student's excitement after they complete their projects. They are so proud and so am I. It is great to just see them beam with pride." She also said that when she chooses patterns for the students to sew, she has to take certain things into consideration; for example, the skill levels of both the students and the pattern. Mrs. Roberts enjoys teaching Textiles and Fashion because she loves the ideas and concepts of teaching students lifelong skills.

# PRE- VOCATIONAL

Some students attend both regular and pre-vocational classes during the day.

Pre-Vocational class prepares students for the outside world and the workplace. The students take field trips to many different places to experience different aspects of everyday life. Mr. Francis is one of the teachers that works with the students on a daily basis. He says that, "The most rewarding thing about my job is the interaction with the students." Mr. Francis has been teaching for a total of four years, this year being his first at Mishawaka. He worked as a substitute here the previous year. Mr. Francis attended Bethel College to complete his education. In his spare time he likes to read, garden, cook, and go out to dinner with friends. Mr. Francis chose to teach the pre-vocational classes because he believed he could make a contribution to the lives of the students.

Right: Courtney Bragg (So) listens closely during class. This is her second year in pre-vocational classes, and she enjoys learning all she can.

# ART

Mr. Michael Buchmann is known and loved by many students here at Mishawaka. He has been teaching art for 4 out of his 10 years of teaching here at MHS. He teaches Ceramics, Sculpture, Introduction to 3D Art, and Advanced 3D Art. He enjoys drawing, learning the history of art, and throwing on the wheel. He likes teaching at Mishawaka because of the unique kids. According to him, they're interesting because everyone has a different story. When asked about any memories he has, he told an interesting story about the school year after the 9-11 attacks. A student made an Osama Bin Laden bust sculpture, and they threw it out of Buchmann's third story window on one of the last days of school. There were Osama ears and stuff all over. In his free time, Mr. Buchmann likes to hang out with his wife, use his art to beautify his home, and build things with his father-in-law.

Through art, students can express themselves in a way not done through traditional means.

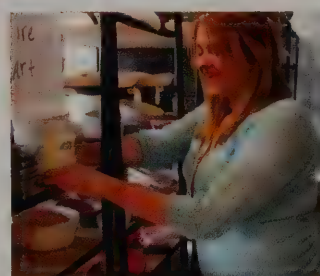

Left: Mary Beth Kowalinski (Fr) works on her drawing in Introduction to 2D art. Students must take this course before taking any other art class.

Below: Erica Weidler (Jr) glazes her pot in Mr. Buchmann's ceramics class. Glazing adds an extra shiny coat of protection.

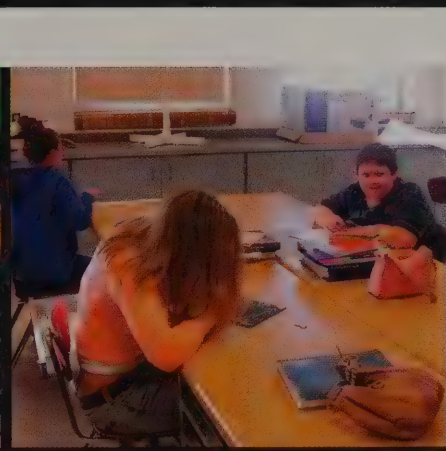

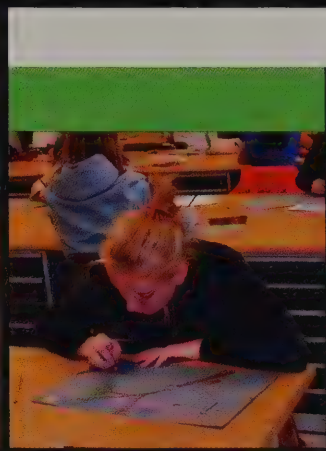

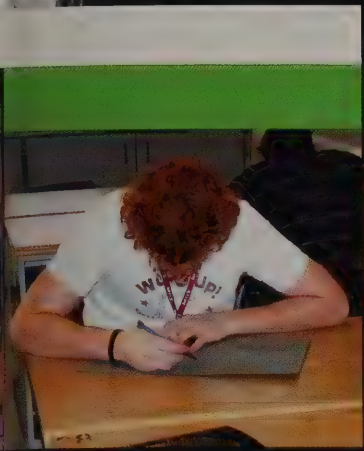

Michael Szemethy (Sr) and Cynthia Rios (Sr) work on glazing their pots in ceramics class. Students enjoy art classes because they give you a chance to relax and talk with friends.

Elyse Janesheski (Jr) finishes a project in ceramics class. She is placing her pot on the fire cart in order for it to be fired.

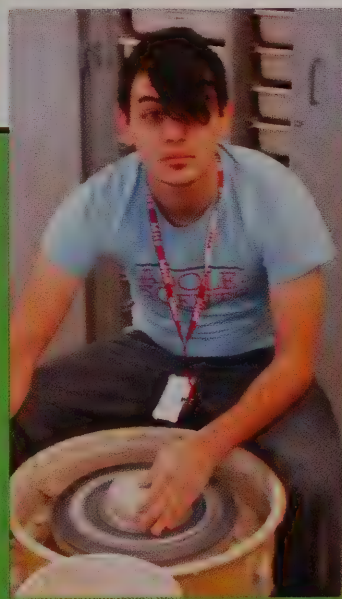

Through art (and a little bit of hard work), all things are possible.

Theresa Morris (Jr) and Keaton Smith (Sr) work on the pottery wheel to make pots in Mr. Buchmann's ceramics class.

David Sulentic (So) and Katelyn Lechlitrner (Jr) work on glazing their pots in ceramics class.

Suzanne Abu-shehab (Fr) works on her project in Introduction to 2D art. Students must complete 6 projects each semester.

Gary Pynaert (Sr) works on the pottery wheel during ceramics class. Using the pottery wheel is a difficult skill to acquire.

# INDUSTRIAL TECHNOLOGY

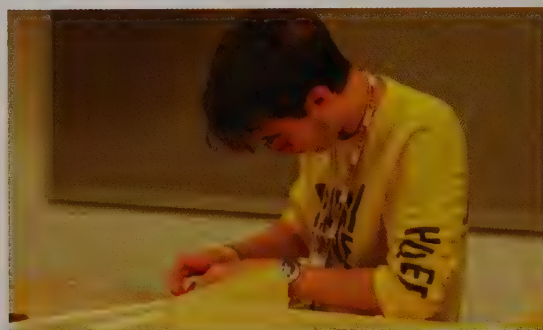

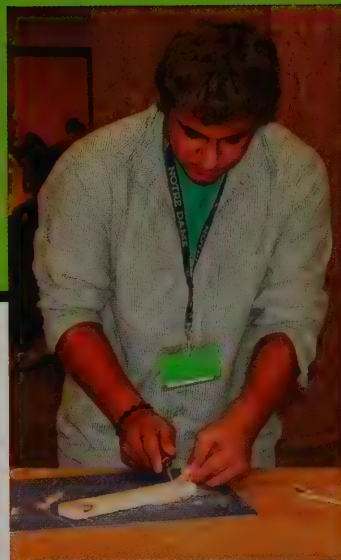

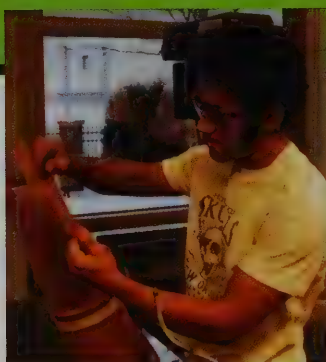

Mr. Jerry Horban has been a teacher at MHS for 16 out of his 27 years of teaching Industrial Technology. He enjoys teaching here at Mishawaka because of the variety in the classes that he teaches. When asked what his favorite class to teach here at MHS is, he responded "Construction and Manufacturing, because of the hands-on activities and projects that they construct." His classes aren't exactly typical; the students make projects, like gumball machines, picture frames, and jewelry boxes throughout the year. These are also his favorite projects to make with the class. Mr. Horban has always liked teaching and learning technology. "I've always enjoyed taking Industrial Technology classes especially when I was in high school. I like to be able to teach students a trade." When he was asked what he would be doing if he weren't teaching, he replied, "I would probably be in some sort of construction involving houses."

Technology classes are a great way to get away from the studies of everyday classes.

# BUILDING TRADES

Mr. David Chimel has been teaching Mishawaka's Building Trades class for 16 years. He began his teaching career as a Building Trades substitute in the Penn system and then as a substitute at Mishawaka. When the old teacher retired, Mr. Chimel gladly accepted the new job. During his career, he has seen many young men (and even some young women) build houses in Mishawaka. "It's very rewarding to see these young people build something by themselves", he said. The practical experience benefits the students: around 60% of Building Trades students get jobs in the construction industry. Mr. Chimel devotes most of his time to the class, ensuring that the job gets done correctly. "Building Trades gives great experience to students interested in this line of work, but it isn't for everybody."

Through the wind, rain, and snow, members of Building Trades build a house from the ground up.

Right: Mitchell Medlin (So) sweeps up after working in the trailer. Besides learning how to do the hard work, members of the class had to clean up after themselves and make sure their equipment was organized.

Below: The Building Trades class worked hard all year to build a house according to the blueprints. They installed everything themselves, including the electricity, plumbing, carpeting, drywall, and kitchen cabinets.

Above: Patrick Stamm (Sr) prepares copper piping for the house. "I know a lot already because I was in the class last year," Patrick said. The class gives students the opportunity to learn construction skills and build a house throughout the year.

Right: Drew Fall (Jr) takes a break and takes a sip of Mr. Chimel's coffee. Drew's favorite part of the class was "working on the house and playing jokes on Mr. Chimel".

The skills and techniques they use help them to become successful in the construction industry.

Left: Michael Gerver (Jr) works hard to finish the basement of the house. Michael's least favorite part of the class was "working in the cold" throughout the fall and winter months.

## HEALTH & PHYSICAL EDUCATION

Mrs. Linda Schrader is one of the many Physical Education/Health teachers here at Mishawaka. She has been teaching at Mishawaka for twenty of her twenty one years in education. She graduated from Ball State University in 1983 with a major in P.E. K-12 and a minor in Health. When asked what encouraged her to go into teaching, she said, "My parents and my two sisters encouraged me into teaching because it is a great job if you're married. Now that I have a family I definitely agree with them." She never intended to stay in teaching, but once she got into it, she found she could not stop. Mrs. Schrader has never taught any other classes, but she has taught P.E. at every grade level from kindergarten through high school. "I love interacting with students, and P.E. is a different atmosphere then the classroom," commented Mrs. Schrader.

Physical Education and Health teaches kids the skills they will need to success in life in a healthy manner.

# CHOIR

Mrs. Rebecca Wilson manages five choirs here at MHS. The choirs students may participate in are Madrigal Society, A'Capella Choir, Rhythm Express, Cavemen Chorus, and Cadet. She is also the director of music for the MHS musicals put on by the Thespians. "This is one of the most important concert you guys will do this year. We are the only school in the state that does anything remotely close to this anymore," says Mrs. Wilson to both A'Capella and Cadet choirs at Vespers rehearsal. Mrs. Wilson works extremely hard every year to pull together all the concerts put on by all five choirs. She puts in extra hours and pushes everyone to sing their best. She has been the choral director here for three years, replacing Mr. John Long in 2002. She was the piano accompanist for many years prior to Mr. Long's retirement. No matter what, Mrs. Wilson helps the choirs to hit the right note.

Practice, practice, practice! Practice is the key to a good choir.

Right: Senior Joshua Hall practices for his solo. He has been in A'Capella choir all four years and a part of the Madrigal Society for three years. Joshua is a hard working student and is also an A'Capella Choir officer. Joshua's favorite song that the choir has sang over these past four years is "Lamentations." "The best thing about being in Madrigals is seeing all the smiling faces," says Joshua. He had the most fun singing at a Indiana Pacers game this spring. The most difficult part of choir for Joshua, and for many other students, is learning notes. His advice for all future choir students is to "come in with a serious attitude."

# POMS

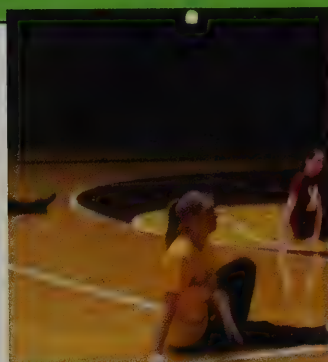

Debi Grecco has been the Poms Coach at Mishawaka for 12 years. However, she coached from 93-02 and then returned for the 04-05 season. When asked if she enjoys working with the girls all the time, she said that it is good and stressful. Anything worthwhile is going to have its ups and downs and you can't just enjoy the good times. Debi's favorite part about being the Pom Coach is watching the girls grow not only as dancers, but as responsible young ladies. Her least favorite part about being the coach is when the team doesn't get the credit they deserve for all the hard work they put in. When asked about her favorite routine the girls have performed, she said that it was their Competition Kick Routine to "All that Jazz." A close second was their hip-hop routine that they learned from the Xavier Dance Team. Debi's best memory of her entire coaching career was when the girls were invited to perform their routine at 3 out of the 4 Boys IHSA State Baseball Finals at Conseco Field house in 2001. They are still the only dance team to ever perform at the State Finals. Her advice for Senior girls: "Never give up your love of dance. And always remember to 'Dance like nobody is watching!'"

# ORCHESTRA

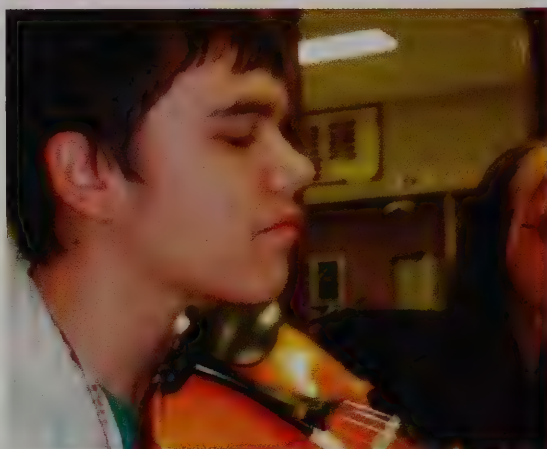

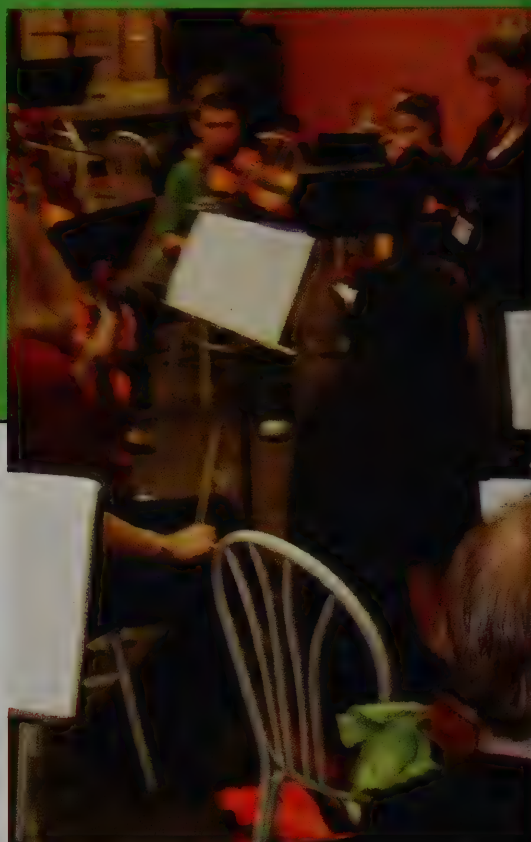

The Symphonic and Concert Orchestras practice hard for their multiple performances throughout the year.

Mr. James Keranen does a great job of motivating his orchestra members here at MHS. He is in charge of the Symphonic Orchestra. According to him, he "gets to do something everyday that he enjoys." Mr. Keranen is happy to have students this year that, although are mostly young, are "energetic and excited." He would like to especially recognize seniors Michelle Good, Jade Marks, and Michelle Pogotis for their "extreme loyalty and perserverance." Mr. Keranen's wish is that his students will "continue a life time appreciation and enjoyment of music."

Adam Ruff (Jr) has been playing the violin for three years at MHS. A dedicated member of the Concert Orchestra, Adam finds string instruments "pleasant and peaceful." He encourages future musicians to "search for your true talent and joy for the intrument, not just learn how to play."

This year was another busy year for both orchestras. They maintained their typical performance schedule with fall and winter concerts, elementary school tours, All-City Strings, and various musical competitions. Of course, no year would be complete without the rousing rendition of combined band, choir, and orchestra performing "The Battle Hymn of the Republic" at Mayfest. However, the most excitement came this year with the arrival of Mrs. Iwaniec's newborn. Johnathan Lee Iwaniec was born on February 22, 2006 weighing in at a whopping 8 pounds, 10 ounces. Congratulations to the Iwaniec's on their baby boy and welcome addition to the MHS String Department!

## Seniors

National Honor Society Seniors stepped up to the challenge of additional service hours, completing nine total. They gave their time to tutoring, both at Mishawaka High School and Hums Elementary, as well as to their own personal service projects. In addition, they were involved with the community clean-up project and had some fun outside of school at the Christmas party and their gathering at the Res.

# Military Group

This group was established five years ago, shortly after 9/11. A number of MHS students were enlisting in the military in order to be of service to their country. Knowing that many of them would be involved in combat, it was believed that a support group would be of benefit. This group continues to meet every two to three weeks, and people who served or are serving in the military talk to the students about things the recruits might encounter-from the rigors of basic training to the perils of combat. Students from past groups have served not only throughout this country, but in Iraq, Kuwait, Korea, and other foreign lands.

Front Row: Mrs. Gayle Schalliol, Clayton Helenburg, Nickolas Jordan, Tony Jackson, Jordan Hepler, Jessica Schexnayder Second Row: Thomas Sharp, Andrew Farmer, Matthew Ruff, Bray Tibbs, Ryan Mathers, David Leazenby

This year has been a challenging year for the Alltold. With 86% of the staff members being new and a new advisor, everyone had a lot to learn. With the new staff came many changes to the paper, including the first time ever that issues were printed in full color. Although it is challenging, the Alltold is a fun experience, offering hard-working students the opportunity to work in a real world environment. Each staff member contributes at least one story to each edition and must sell at least one ad. The Alltold is completely funded by ads that the writers must sell.

Cross country is a sport for only the most strong-willed athletes. "Most people think cross country is just running. In four years, I learned it's mostly mental and what you do with the problems you're in" quoted Andrew Devereaux (Sr). Cross country runners not only deal with the pressures of pushing themselves to the limit, they face the elements and rough terrain.

Question: Was your  
Sophomore year better  
than your Freshmen  
year?

"Yes, because last year I had some wrong choices while I was a Freshmen. This year I have a lot more friends and am having a lot more fun!"

Stephanie Dickens

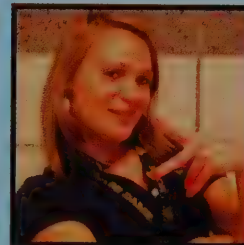

"No Way, Jose!!"

Joshua Rhoton

"So far it has been about equal. I have gained a few more friends and I have better teachers. I guess you could say it has been a little better except for the new seminar rule this year!!"

Gregory Riffle

"Most definitely! I met so many more people this year and it made this year a lot more fun. I have more people to hang out with. Freshmen year was boring. This year has been quite entertaining!"

Sarah Louderback

"My freshman year is going great like most of my teachers and there's not as much homework as John Young. The only difference between Mishawaka and John Young is that everyone treats you more like an adult, the teachers are more down earth, and you get to meet and interact with a lot of upperclassmen."

Christian Bergin

"I have met a lot of great friends. When I first came in, I was really scared. Mishawaka is a lot different from St. Joe. The way things work and the way people act are a lot different. I like both schools quite a bit. Mishawaka seems more exciting. Mishawaka is more laid back and, at times, that can be more fun."

Melissa Gleissner

"My freshman year is going really well so far. I came to the high school a little afraid of getting lost. Everyone is really nice though. I've made a lot of really great friends and look forward to coming to school to see them every day. At the high school there's a lot more freedom and you can be involved in more activities."

MaryBeth Kowalinski

"My freshman year is so much better than junior high. It is a lot more different than being at John Young. It is going way too fast."

Dear Josh,  
I remember that first day you started school, how the tears came so easily when I had to drop you off at the doors to kindergarten. You turned around and waved. I knew I no longer had a little boy; I had a little man. I will never again receive his diploma marking another chapter in his life. Josh, we are so very proud of all your accomplishments and who you have become! The future is yours to do with as you choose and we know you will make a difference in this world! All of love and always,  
Mom, Dad, Sarah, Zach, and Noah

"I hereby command you: Be strong and courageous; don't be frightened or dismayed, for the Lord your God is with you wherever you go." -Joshua 1:9

Benjamin, Benji, or Duke - They all add up to the Fun Machine! From First English to Saint Monica's, to JYMS, and finally MHS, there has never a dull moment with you around. We are extremely proud of the young man you have become. You are a leader, a comedian, a historian, a sports guy, an athlete, a coach and an exceptional brother, son, and grandson. Your most extraordinary quality is your kind nature and genuine concern for everyone you meet. Your strong convictions about family, faith, politics, and the world around you will take you far, no matter what career choice you make. Embrace life with the tools God has given you. We look forward to the future, and many more DOLLAR DAYS to come!

Love you lots!  
Mom and Dad

Jenny,  
We are so proud of all you have accomplished in life so far. It seems like just yesterday that you were just starting high school. The years have gone by so fast and now you are graduating and going off to college. You have worked so very hard in volleyball and now your dream has come true to play at the highest level - Division 1. Not too many people get the chance to play at this high level. You definitely deserve it!! Keep working hard on academics because that is what is going to get you through college and the great life ahead. You have made us so proud! Always remember that we will be here for you!

Love always,  
Mom, Dad, and Joshua

Jenny,  
It seems like time has passed so quickly and now you are graduating and going to college! You have brought so much love, joy, and laughter into our lives. Words cannot express how proud we are of the man you have become and everything you have accomplished. Continue to work hard and follow your dreams. Remember your family is always here for you!

Love,  
Mom, Dad, Monique & Cody

**Andy Michael,**

These four years sure have gone fast. It has been a joy to watch you go through your school years. I've been very proud of you. Thanks for the CC and track memories - those are the "best of times." I hope when you look back on these years you can truly say, "I had the time of my life."

I'm proud of you, son!

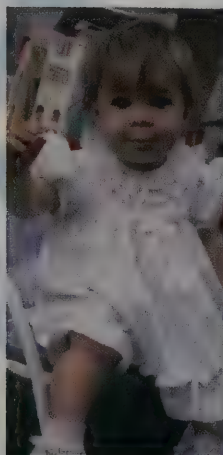

Love,  
Ma

**Ashley,**

You were, are, and always will be our little Ashmellow. We are very proud of the young lady you have grown to be. You will always be so very special in our hearts. God truly blessed us on the day you were born. Even though we don't like it, we have to accept the fact that our precious little girl has grown up. We will always be here to support you in whatever path you choose in life. Congratulations, you did it and we are so proud!

Love You Always,  
Dad, Mom and LA

**Josh,**

From a little boy who loved dinosaurs and frogs,  
to a young man who loves music and guitars,  
you never cease to amaze us with your creativity and individualism.  
You have set yourself apart from the norm and made your own mark in this world.  
As you continue to grow and learn throughout life,  
know this for sure, our love for you is and will always be unconditional.  
We are proud of all that you have accomplished,  
and we look forward to sharing whatever life brings for your future.  
Congratulations!

Love,  
Mom and Dad

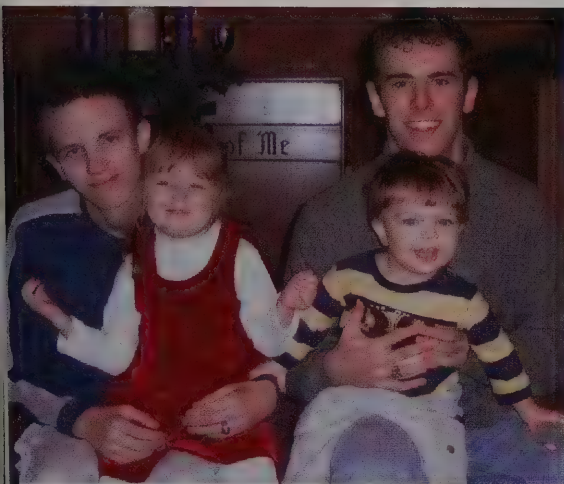

**Katy,**

We'll cherish the memories: the hush when you were little; playing "strike times" with Justin and Dad; sneaking the vanilla wafers in the corner; watching the Mother Goose video over and over - Do you see the moon? The moon sees you, God bless the moon, and God bless you... falling off your bike and fracturing your arm; your ballet recital; all of our "lively conversations" at the dinner table with Dad & Justin; "Square Pillow", God plotting a way to be together for as long as possible; all the great times with Network and MHS volleyball and all the people we've met along the way; Homecoming Queen 2005; the great times late at night when you make me laugh until I cry, etc etc... Lots of great memories with more to come! You make us proud with the choices you have made and the beautiful young lady you have become. Relax and let the future unfold for you... and be happy!

Love you always,  
Mom, Dad and Justin

Michael,  
Time has gone by so fast. It seems like only yesterday we held you in our arms. Remember to always keep God and your family first in your life. They are the people as you go through life who are always with you and love you unconditionally. You have become a fine young man. You are honest, compassionate, trustworthy, and strong and we are very proud of you. We love you more than you can imagine. Mom, Grandma & Grandpa, Aunt Karen, Aunt Kari, Uncle Rod, Uncle Joe, Keith, Annabelle, Joey, and Baby Curylo

Dear Pryce;

You've grown up now  
You've become quite a man.  
I'm proud that I know you,  
I've lent you my hand.  
It is time to go on now,  
To pursue something new.  
Just know in your heart  
I'm there backing you.  
I'll always love and admire you!  
Get 'em coach!

Love - Mom

Brittney Dawn Pressel: "Life with a sister is never boring," that is what your brothers would say. Life with a stepdaughter is always interesting, especially for a man that is nearly clueless about girls. But I reminded them and myself; you are a girl! the phone calls and text messages, talking to five people on line at a time (while on the phone with another), the friends coming and going, going to football games, decorating my vehicle and finding glitter all over the kitchen from the five of your friends' shirts because it is "spirit week." It hasn't always been fun. Living with a teenage girl is crazy most of the time, but we have loved each other. Now all of that will end (well, most of it anyway), and a new chapter will begin...and you're not a little girl anymore.

The time has gone by so fast it's hard to believe our littlest one is graduating. We are very proud of you Brittney. Even though it may seem like you have a whole lot of new responsibilities, you will never walk alone. We will always be here for you. You are the best Aunt Bittey to Justin and Tyler. They already know you are a special person.

We love you,  
Mom, Bill, Allen, Tim, and Anne

Hannah Tamar

To say you make us proud would be an understatement. You are a priceless jewel. Thank you for the joy of your spirit, your enthusiasm and your dreams. Follow them and challenge yourself.  You were a beautiful baby who grew into an adorable toddler and then into a beautiful young lady. We knew that you were going to be an outstanding student when you read early - and often - and Sesame Street was your favorite TV show. You are an awesome daughter and a great example to your little sisters. Remember to always "make good choices." The Sky's The Limit!  
 We love you, Paige!

Josh,

It's hard to believe our baby boy has grown up. It was only yesterday that you were learning to walk. The time has passed too quickly. You have filled our lives with such great joy, pride and happiness. You have really become a fine young man. You have such a gracious and loving heart - always kind and helpful to others and a sense of humor that entertains everyone. Your smile and laugh brightens each and everyday. We have been truly blessed by God to have such a great son as you. As you begin the next journey of your life, remember to follow God and the path he has chosen in life for you. Be wise of that path and follow with your heart and you will do great and amazing things. We are very proud of you and your accomplishments. We love you with all our hearts. Congratulations and thanks for all the priceless memories.

Love - Dad, Mom and Justin

Our Rachael,  
As the first of a third generation to roam the halls of MHS,  
You blazed your own path, with much success.

Your accomplishments and activities are too numerous to write

But suffice it to say, your schedule was never light!

You have grown to be strong, intelligent, beautiful and true

No matter the circumstance, YOU are always YOU!

Your future beams ahead like a great light,

We know it will be wonderfully bright.

Grounded by values learned in and out of the classroom,

You will no doubt continue to blossom and bloom.

The class of '06 has made its final curtain call,

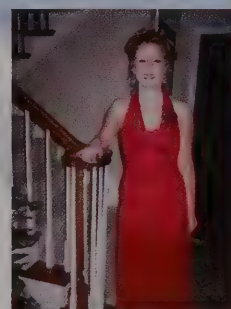

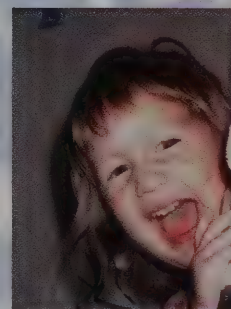

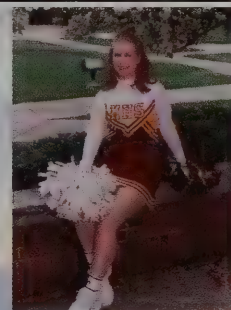

But memories you will always fondly recall.

Congratulations on joining us as CAVEMEN ALUMNI!

With all of our love,

Mom and Dad

(Chad and Clare, too)

Patrick,

We can't believe the last 17 years have blown by so fast. Wow, you are a senior. You are always full of energy and spunk. You love to make people laugh. I think you were born to tease. Your dad and I are very proud of you. Take your funny, talented personality and use it to it the fullest in college. You can do anything you want. Thanks for being such a special son and brother. Continue to work hard in your next adventure, but don't forget to enjoy life.

Love Always,

Mom, Dad, Amanda & Michael

Dear Joe,

We are so blessed to have a son as wonderful as you. Your determination, academic success, and especially your faith in God has been and inspiration to all of us. Stay strong in the Lord and He will bless you ways. God's blessing as you head off to college. We love you!

Love,

Dad, Mom, Angela and Katie

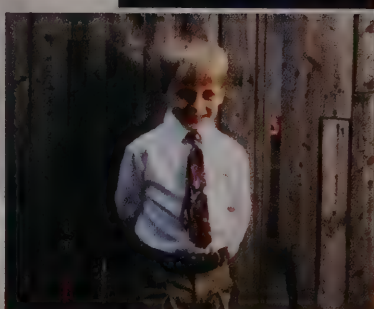

To Our Little New Year's Eve Baby,

Thank you for being the most handsome, energetic and caring person! Thank you for the many nights of babysitting your little sister & brother so that mom could work on your scrapbook. Thank you for being the kid who is not afraid to try new things and even pushes us to do the same. You are truly blessed with great ability, personality and luck. May that never change. Continue to be "The man with a plan" so that you get everything you ever wanted out of life. Always remember that we are so very proud of you and know that you can accomplish anything with faith in God and in yourself. Believe it to achieve it!

Love,

Dad, Mom, Meredith & Ryan

Our Sweet Caitlin "Boo",

We are so proud of who you are. We have watched you grow into a beautiful independent young woman. We love your sense of humor and adventure. May God Bless you as you move forward in life. Make good choices and always remember you are deeply loved. We will miss our "baby girl".

Love,

Mom, Dad, Tom, Jimmy, Ben and Michele

Heather,

To our "peanut" who has grown into an independent, smart, strong and beautiful young woman. The last 18 years have gone by so quickly... Taking your first steps, first day of kindergarten, the marshmallow pit at gymnastics, t-ball at the ballpark, birthday parties, roller-skating and pool parties with friends. Backstreet Boys and N'Sync concerts, soccer, volleyball, softball and basketball in junior high, 8th grade graduation. Eating out and going to the movies with friends, cell phoneitis, listening to tunes, tanning, riding go carts, shopping, being a card shark, Fannie Mae Mint Meltaways and Starbuck's Double Chocolate Chip Frappuccinos, Prom, sleeping in, basketball practices and basketball games and high school graduation a few short months away.

Heather, you have brought immeasurable joy and fun craziness to our lives. We are extremely proud of your hard work and dedication towards your goals and we congratulate you on your accomplishments, especially this year.

We will miss you very much next year when you're away at college but at the same time we are excited about your future. The best years of your life are yet to come. Enjoy them and have fun! Always remember to follow your dreams and reach for the stars... #4 go H2!

We love you very much,  
Mom, Dad & Rick

Jared - It seems like yesterday that God placed you in our arms and now you are graduating from high school. You have brought so much joy to our hearts. You are the one to keep our family laughing and having fun together. We remember so many wonderful times:

...tubing at the lake and swimming in the pool.

...trips to the beach in Florida.

...watching you play soccer and basketball.

...countless "competitive" play station games with Josh.

...trips to Nationals for AAU basketball.

...youth camp.

...many games of basketball on the Wallace court.

You have grown into a man of great character and integrity. Your perseverance and "never say quit" attitude will take you far in life. God will use you in a great way as you continue to do everything for His glory. You are a wonderful son and we are very proud of you.

Love,

Dad and Mom

*Volume 92 of the Mishawaka High School Miskodeed was sponsored by the English Department for one elective credit each semester.*

*The Miskodeed was supported through book and advertising sales. Books were sold during three different phases of the year: from the beginning of the school year until September 1 the prices were \$30.00 and \$35.00 (with nameplate), from September 1 to November 1 the prices were \$36.00 and \$40.00, and from November 1 to May 1 the prices were \$45.00 and \$50.00. Prices for advertising ranged from \$30.00 to \$300.00. Senior Ads were \$65.00 and \$140.00.*

*Jostens Publishing Company based in Clarksville, Tennessee, lithographed the book. Phil Page was the local sales representative for Jostens.*

*Studio One Photography Studio based in South Bend, Indiana, took the senior photographs, sports candids, event candids, and underclass photographs. Jim Parker was the representative for Studio One.*

*Other candid photos were taken by the yearbook staff with a digital camera. Members of the student body also contributed photos to add to the book.*

*This yearbook was created entirely on-line through Jostens Yearbook Avenue. The cover is embossed and gloss laminated.*

*We would like to thank Ms. Angela Stillson, our fearless leader, for her hard work and dedication during the year. Without her, we could not have succeeded.*

**To my staff,**

**I want to thank you for making this year so great! Each one of you brought a different view to the creation process and together you created something of which you can be proud.**
